

Guligena Aierken

315-708-3903 | g.aierken@gmail.com | [Github](#) | [LinkedIn](#) | [Portfolio](#) | [Medium](#)

Focused and detail oriented full stack developer, who creates documented, reusable and clean code.

TECHNICAL SKILLS

JavaScript · React · Redux · Ruby on Rails · SQL (PostgreSQL & SQLite) · HTML · CSS · RESTful API

TECHNICAL PROJECTS

Therapoint - Appointment scheduling app developed with **ReactJS** [Frontend](#) & [Backend](#) | [Demo](#)

- Implemented frontend with **Redux** for state management and generated dates applying React-datepicker
- Built a **Ruby on Rails** API backend powered by **PostgreSQL** using self referential relationship
- Styled with Semantic UI and custom **CSS** to refine client-side interaction and user experience
- Applied Google Maps APIs and React-Geocode to visualize user data

Flatiron Baby Shopping - E-commerce app designed for baby products [Frontend](#) & [Backend](#) | [Demo](#)

- Developed **ReactJS** frontend and maintained user state utilizing JWT and localStorage
- Created customized layout and styling using **CSS** and **HTML**
- Designed **Ruby on Rails** framework to persist data in backend using **PostgreSQL**
- Secured user data by developing encrypted information utilizing Bcrypt and dotenv

NYC Museums - reviewing application with search feature [Frontend](#) & [Backend](#) | [Demo](#)

- Architected frontend with **JavaScript** using DOM manipulation
- Created visual design with custom **CSS** and **HTML** for the improvement of user experience
- Generated a scalable database by designing RESTful APIs service with **Ruby on Rails** and **SQLite**

HACKATHONS

[HarmonyHacks 2](#) (implemented push notification with React Native) 06/02/2020-06/19/2020

[Girls in Tech Virtual Hackathon](#) (developed RoR RESTful API backend) 06/02/2020-06/19/2020

VOLUNTEERING

[She's Coding](#) Event Host | Coach 07/2020 till now

[Women of React Online Conference](#) Moderator in Discord Channel 04/25/2020

EDUCATION

Flatiron School, Brooklyn NY 10/2019-02/2020
15-Week Immersive Courses of Software Engineering

Beijing Foreign Studies University, Beijing, China 09/2007-07/2015
Master of German Studies, Completed 2015 | Bachelor of German Studies, Completed 2011
